Summer Classes For High School Students

Summer classes will begin at Appomattox County High School on June 18, according to an announcement from Mrs. Jean Hesson, General Supervisor of the Appomattox County Schools.

Registration will be held in Room 109 at 8 a.m. Tentative plans include classes in Government, English and History.

Walter Payne will be the instructor for the classes. Other classes may be offered if the need is presented.

Credit will be given for the successful completion of the work. The summer school program will be designed to meet the needs of the students who enroll. Both new courses and repeat courses will be offered.

One unit of new credit per summer shall be the maximum for which a student may enroll except that high school senior who lacks two units in meeting graduation requirements may be allowed to enroll in two subjects.

All persons interested in attending summer school should report for registration on June 18 at 8 a.m. at the high school.

Accepts New Position

Supervisors Vote To Support Fire Department

R. L. "Dick" Bass, Appomattox Fire Chief, appeared before the Board of Supervisors at their meeting on Friday with a request for payment of one-half the cost by the county on twenty alert receiving system devices to be used by volunteer firemen at home or at work as these small devices could be taken with the firemen from place to place.

He reported that during theperiod from January 1, 1973 to June 1, 1973 the Appomattox Fire Department had responded to 31 fire calls, each averaging about ten men to a call. Of the total 31 calls, 84% were out in the county and only 16% in the Town of Appomattox.

There are 30 active volunteers in the department and most of them live out of hearing distance of the alarm system, therefore. Bass stated that these receiving devices would be very beneficial to the members.

The town has agreed to pay one-half the cost if the county would match the funds needed. The cost would be approximately $135.00 per unit or a total cost to the county of about $1350.

Members of the Board of Supervisors felt that they had no other choice and voted to share in the cost of the twenty receiving devices as the Fire Department is a great asset to the citizens of Appomattox County.

Fire Chief Bass was asked to personally come before the board with any and all future complaints.

In other business the board adopted an ordinance governing the use of the new

A Standards of Quality report was presented to the Appomattox County School Board by Mrs. Jean Hesson, General Supervisor, when they met in regular session last week.

Mrs. Hesson has been working with a Planning Council, Task Forces and Advisory Committee set up to study Special Education, Continued Education and drop-outs.

She stated that all phases of education have been improved and all public schools in Appomattox County are unconditionally accredited.

Mrs. Hesson was highly commended by members of the board for her outstanding work in this phase of education.

The basic purpose of education for children and youth who need special education services (as required by the new Constitution of Virginia and stated in the Standards of Quality) is the same as that for children enrolled in regular school programs. Because of their special needs, however, they cannot achieve their educational potential unless regular school programs are modified, supplementary instructional and/or therapeutic services are provided, or special classes are offered for them. In some cases instruction must be provided in homes, in hospitals, or in other institutions. The intent of the following standard of quality is to provide an opportunity for all exceptional children and youth to achieve the maximum benefits while in attendance.

The statement of standard is as follows: Each school division shall identify exceptional children including the gifted, by diagnostic procedures and shall develop a plan acceptable to the Board of Education to provide appropriate educational opportunities for them. Such opportunities may be provided

Title I Summer Program To Begin On June 18

Days of preparation for the Title I Summer Program at Appomattox Primary School will begin June 14th as teachers and paraprofessionals prepare to meet one hundred eleven preschoolers enrolled in the program.

Students will arrive on Monday, June 18th, to begin five weeks designed to provide orientation and readiness skills for six-year-olds who will begin school in September.

The pre-school orientation program provides the opportunity for students to develop positive attitudes and learning habits in informal classroom settings, The objectives established for pre-schoolers are based on ability, achievement, interests and background of experiences. Emphasis is focused on learning "how - to - learn", developing respect for others and growing both socially and culturally. A variety of enrichment experiences have been planned both at school and away from school.

Students will attend classes between 8:30 a.m. and 1:00 p. m. from June 18 to July 24. Work days for teachers have been designated as June 29 and July 13. Students will not attend school on these dates. If there

Reaches Goal

The Appomattox County Unit of the American Cancer Society, according to Mrs. Ellen Jamerson, Crusade Chairman, has reached its 1973 Fund Raising Challenge Goal of $3,100. The Fair Share Goal set for our county of $2,600 had been reached some weeks ago.

The Unit would like to thank all the citizens of the county for making this challenge possible.

Approximately fifty volunteers were active in soliciting funds and many individual businesses, clubs, churches and other organizations gave generously to help the fight against cancer.

Member-Guest Tournament Set To Begin

The annual F.R.C.C. Member Guest Tournament will get under way with a shotgun start at 8:00 a.m. Sat. The 8:00 a.m. starting time given to the Times-Virginian last week was in error. We emphasize, morning play will begin at 8:00 a.m. Check the listing below and be sure you know when your team is scheduled to play.

Tee assignments and pairings will be posted at the scorer's tent early Sat. Check in and pick up scorecards before going to the tee. It is very important that you do not practice on the greens. Due to the number of participants there will be a great deal of traffic on the greens during the tournament. Please repair all ball marks and rake traps. Leave them just as you would want to find them.

Don't forget the social for all participants at the end of play on Saturday afternoon.

Starting time 8:00 a.m. for the members and their guest.
